

WHAT IS INTAKE?

You may have noticed First Appearance Instructions when you received your Court summons requesting that you arrive at the Courthouse one hour prior to your hearing to complete an Intake Interview.

When you arrive at Court, you will meet with the Intake Officer. This Officer is responsible for gathering information, such as mental health history, drug and alcohol history, school attendance, grades, and social history. The Intake Officer will then provide that information to the Court prior to the First Appearance Hearing.

The purpose of this Intake Interview is to assist the Judge and/or Magistrates to determine the best services or programs needed for the Juvenile and their family.

The Intake Officer will continue to monitor your case until you return for a Disposition Hearing.

The Honorable Kevin W. Dunn is one of four Common Pleas Court Judges in Medina County. Judge Dunn was appointed in 2013.

INTAKE INTERVIEW TOPICS

Contact Information & Family History

This information will give the Court an idea of the family dynamic, who has custody or guardianship of the Juvenile, visitation schedules between divorced parents, as well as contact information.

Mental Health & Drug and Alcohol History

If a Juvenile is currently using drugs or alcohol, has a history of depression or suicidal thoughts, or has experienced abuse, the Court will use that information to provide the best services to the Juvenile and their family for treatment and counseling.

School Attendance & Grades

This information helps the Court determine if the Juvenile is experiencing problems at school and what steps need to be taken to ensure educational progress.

Social History

The Intake Officer will ask the Juvenile about their hobbies, talents and special interests. This information helps the Court understand the Juvenile's activity and social level, or if they spend a majority of their time on the computer, playing video games or watching television.

COMPLIANCE OFFICER MONITORING

The Intake Officer also works as the Compliance Officer for Medina County Juvenile Court.

Similar to Probation Officers, a Compliance Officer's job is to ensure that a juvenile offender is completing all Court orders. Compliance Officer Monitoring does not include visits with Juveniles at their home or school, but this Officer does keep in communication with parents and school officials to ensure compliance.

Similar to Traditional Probation, the Compliance Officer may issue a Violation of Court Order for any juvenile not following Court orders. A Violation of Court Order may include the following sanctions:

- Community Service hours
- Requirement to return to Court for a Violation of Court Order Hearing
- A warrant for arrest for placement at the Juvenile Detention Center

Those who receive a Violation of Court Order may be required to return to Court for further sanctions, including more intense Court supervision.
